

BCHSA HORSEMANSHIP CLINIC

**INCLUDING A PRESENTATION BY LEADING
PROFESSIONAL HANDLER JAY FRANCELLA**

Jay has been showing young horses in the Hunter Breeding division for over 10 years and has handled horses in many of the storied competitions in our sport including Devon, Upperville, and the Sallie B Wheeler Hunter Breeding Championship.

He grew up around confirmation horses at his family's farm and competed in the jumpers as a junior while helping his family prepare young horses for the show ring. This foundation has given him a strong appreciation and understanding for the grooming and daily work required to help ensure young horses have a positive experience when they compete. Jay's career has been rooted in ensuring that the horses he shows have a good and safe experience.
