

A Humanitarian Plea to all BCHSA Members:

Many of you helped out two years ago to aid in the upkeep of rescued horses from Sharpsburg. The Finger Lakes SPCA is in need of donations to help in procuring hay for approximately 85 horses rescued in New York State. **650** bales of Hay has been secured for delivery but at \$4 a bale (delivered) we need to raise \$2600 to provide them with 650 bales. We are currently at \$1000. I know times are tough but would you please consider helping these horses?

Like the Humane Society of Wash. County MD with the Sharpsburg horses 2 years ago this rescue is daunting to the SPCA in Finger Lakes.

Please consider making a donation and pass this along to anyone you know that would be interested.

Donations to our hay fund should be addressed as follows:
